

GUN OWNERS OF VERMONT PRO-GUN RALLY

Is 2017 The Year You Lose Your Rights, or the year YOU make a stand?

Vermont is under attack, AGAIN!

Universal Background Checks are coming... AGAIN!

Semi-Automatic firearm bans are coming... AGAIN!

Magazine bans are coming... AGAIN!

Lead bans, range regulation, carry restrictions, and on and on!

Don't say, "it can't happen here".

They said that in California, Colorado, New York, Washington State, Oregon and Connecticut...

Certain key legislative candidates are promising anti-gun initiatives paid for by billionaire, ex-NYC Mayor Michael Bloomberg, in DIRECT VIOLATION of their OATH OF OFFICE and Article 16th of the Vermont Constitution!

For over 225 years the good and honest people of the state of Vermont have maintained our reputation as THE SAFEST STATE IN THE NATION, as our arms act as deterrents against crime.

Show these STATISTS that their continual attacks will not be tolerated.

THEY WILL BE DEFEATED AT THE VOTING BOOTH!

A Voter Registration drive will be underway all day!
